## Water optimisation for low-salt water

- Perfect mineralisation for your water
- Free from particles, unpleasant tastes and odours
- Filter capacity: 10,000 litres
- Flexible: suitable for use with the BWT water+more standard filter head

### BWT bestmin filter cartridges

Optimising the mineral content of the water is vitally important for any hot or cold drink. Often if the water tastes “flat”, it is lacking in essential minerals. Even if large quantities of coffee are added, the drink can have a stale or even sour taste. The coffee grounds may also swell excessively, which can have a negative impact on the brewing process in the coffee machine.

BWT bestmin filter cartridges and high-end BWT technology can restore the mineral balance in the water. The filter medium, an ingenious combination of natural minerals and innovative activated carbon fleece, adds minerals to the water that are essential for achieving the perfect taste and, at the same time, eliminates any particles, unpleasant tastes or odours.

Regardless of whether your water originates from a mountain lake low in minerals, a reservoir or a reverse-osmosis system, you can always enjoy top quality water thanks to the unique BWT bestmin filter cartridge water optimisation system.

### BWT bestmin filter cartridges

#### – optimal taste

- For perfectly mineralised water
- For hot and cold drinks

### Top technology

- Exceptional BWT water+more filter medium for optimal mineralisation
- Innovative activated carbon fleece for the best possible taste
- Simple one-way system
- Can be installed horizontally and vertically

## BWT bestmin – part of an extensive product range

The BWT water+more solution can satisfy almost any water optimisation requirement in the catering sector.

All products feature a tried and tested universal filter head that includes an automatic shut-off valve, return valve as standard and bypass setting directly on the filter head. Each filter cartridge is compact and space-saving and can be replaced quickly and easily.

Structure of a BWT bestmin filter cartridge

## Technical Data\*

BWT bestmin type	M
Connection thread (in/out)	3/8"
Typical capacity in litres	10,000
Intake pressure, min.–max. in bar	2–8
Water temperature, min.–max. in °C	4–30
Ambient temperature, min.–max. in °C	4–40
Total height without bracket (A) in mm, approx.	475
Total height with bracket (B) in mm, approx.	500
Connection height (C) in mm	425
Distance from floor (D) in mm	65
Installed length (E) in mm	125
Filter cartridges Ø (F) in mm	130
Weight in g without filter head	3,800
Order No. Installation Set	FS24M01A00
Order No. Filter Cartridge	FS24M00A00

\*Subject to change without notice

### Delivery Scope (First Installation Set)

- Filter Cartridge M
- Universal filter head with 3/8" external thread (incl. bypass setting and return valve)
- Wall mounting (without fixing material)
- Installation and Operating Instructions

### Accessories

- Connecting hose 1500 mm

#### Order No.:

**FS00Y01F00** (3/8" x 3/8")

**FS00Y02F00** (3/8" x 3/8")

- BWT bestflush ventilation and flush valve, 3/8" x 3/8"

#### Order No.: FS00Y51A00

- Hot drinks test kit to determine the carbonate hardness and total hardness of drinking water

#### Order No.: YS00Y01A00

## The world's most innovative product range!

**BWT bestmax** – economical limescale reduction, guaranteeing the perfect taste in drinks

**BWT bestmax PREMIUM** – innovative limescale reduction using the unique AromaPLUS formula

**BWT bestmax SOFT** – even cleverer limescale reduction, providing low and medium levels of carbonate hardness

**BWT besttaste** – clear, particle-free water with active carbon filtration

**BWT bestclear** – for spotlessly clean dishes

**BWT bestclear EXTRA** – for gleaming, streak-free glassware

**BWT bestmin** – perfect mineralisation of your water

**BWT bestprotect** – completely reliable protection against scale and corrosion

**BWT bestdemin PLUS** – ideal for demineralising your water and leaving it virtually salt-free

### Water optimisation from BWT water+more for:

- Coffee machines
- Vending machines
- Ovens/Combi steamers
- Ice-cube machines
- Dishwashers
